Alfred Schroder returned on the steamer Sue H. Elmore from Tillamook where he went to increase the business of his firm, Ross, Higgins & Co., at that point, meeting with good success.

Wanted: A Christian young man or man and wife to take the management of a coffee club house in Marshfield, Ore. Steady employment and good wages. Call on or address W. A. Crane, Occident hotel, Astoria, Ore.

A telegram from Independence, Ore., received early yesterday morning announced to M. E. Masterson, of the Astoria Savings bank, the death of his father at that place. Mr. and Mrs. Masterson immediately left for there.

The funeral of the late Ed Sergerstrom was held Sunday from Pohl's undertaking parlors and the interment was in Greenwood cemetery. The services were conducted under the auspices of the Improved Order of Red Men.

F. W. Stokes returned yesterday from Duoda, Wash., where he spent three weeks at the saw mill in which he, W. W. Whipple and T. D. Batsar are interested. Mr. Stokes says the mill, which can cut 90,000 feet per day, is handicapped by a shortage of cars on the railroad, and that they are shipping as much lumber as they can secure cars for. Charles Holt and Harry May of Astoria are now employed in the mill.

CUTICURA OINTMENT

Purest of Emollients and Greatest of Skin Cures.

The Most Wonderful Curative of All Time

For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectually, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, blemishes and chaffing, as well as for all purposes of the toilet, bath and nursery.

GRAIN-O THE PURE GRAIN COFFEE

The coffee habit is quickly overcome by those who let Grain-O take its place. If properly made it tastes like the best of coffee. No grain coffee compares with it in flavor or healthfulness.

TRY IT TO-DAY.
At grocers everywhere; 15c. and 25c. per package.

The 2-year-old daughter of David Cole died yesterday at the family residence in Svenson. The child and her twin sister were sufferers from pneumonia. The funeral will be held today with interment in Svenson cemetery.

Mrs. A. F. Johns, daughter of J. W. Conn, of this city, died yesterday morning at her home in San Francisco, a telegram reaching her father yesterday to that effect. Mrs. Johns had been ill for some time and the end was not unexpected.

The lodge of Red Men organized at Seaside Saturday evening last is known as Clatsop tribe No. 28, and the officers elected are as follows: Sachem, A. E. Miller; C. of R., S. Clark; K. of W., B. Smith; senior, Dr. Belt. The tribe has 29 charter members.

In Judge Trenchard's court yesterday the will of the late C. T. Heilborn was admitted to probate. Charles M. Heilborn is appointed sole executor without bonds, and W. H. Beharrel, W. I. Vall and Frank Patton are named as appraisers. The estate mentioned in the instrument is bequeathed to the immediate members of deceased's family.

George McFarland came into the city yesterday from his home near Greenmountain and remained last night. Mr. McFarland has a good bunch of cattle on his place and says they are in a flourishing condition. Owing to a shortage of hay the cattlemen in his region have been greatly inconvenienced this winter but with the advent of spring the trouble is being obviated. Mr. McFarland's neighbors, Gus Adolph and a Mr. Marzsa have also branched out in the cattle business and the result has been very gratifying to all of them. Mr. McFarland will go out to his home today.

CHARGED WITH ASSAULT

Frank Risco, proprietor of a downtown resort, demonstrated in rather an unnecessarily violent manner last Saturday night that colored men were not allowed to frequent his place. Eilon Patton, an employe of Davis logging camp on the John Day, entered Cisco's place Saturday night and when he approached the bar was at once invited to leave. Now, it happens that Mr. Patton is a negro, and for that reason, and that alone, he was ordered to leave. The man of color was disposed to argue the question with Cisco and in the altercation that ensued the latter made use of a bottle, to the decided inconvenience of the former. Patton was badly injured. In fact, and Cisco was arrested and charged with an assault with a deadly weapon. He was later released on \$500 bail and next Saturday will appear before Justice of the Peace Goodman for a hearing.

LIQUID AIR DEMONSTRATED.

This city may at an early date witness the marvels of liquid air, the discovery of which has attracted so much attention in the reading and scientific world. An agent last the Occident hotel contemplating an engagement in the city if sufficient public interest is promptly shown to warrant local parties in contracting for the bringing of a supply of the wonderful fluid from New York city, and apparatus for the purpose of showing its peculiar qualities. A tour is being arranged for an expert demonstrator, Prof. W. B. Patty, and Astoria may be included in his itinerary. Liquid air is ordinary atmospheric air in an extraordinary condition, looking and flowing like water—a liquid, but absolutely dry, and 312 degrees below zero in temperature. It boils fiercely when put on ice, but freezes the flame of an oil stove when placed thereon. It melts steel but freezes alcohol. New York hospitals have had some promising results with its curative properties in cancer cases and also as a local anesthetic in surgical operations. Liquid air is an interesting, up-to-date subject and with the many startling experiences promised, our citizens are likely to receive the plan in the way it deserves and secure this instructive novelty. A proposition is on foot to have this exhibition presented for the benefit of the physical laboratory of the Astoria high school early in May.

Rev. L. J. Trumbull and Rev. Henry Marcotte addressed a large audience at the Methodist church Sunday evening on the subject of Sabbath observance. The ministers maintained that the Christian Sabbath, and what it stands for, has been as a firm foundation stone in the structure of our commonwealth to which we are indebted for the solid and substantial goodness and virtue in our national life. That the observance in the formative period of our existence of the Christian Sabbath, and to its teachings and their influence on the men and women who made the nation what it is, is due the fact that the American people have risen to a higher plane in morality and intellect than the people of older civilizations which were without the high ideals which our rigid strictures sought to accomplish. The tendency to make Sunday nothing more elevating than a mere holiday was deprecated as a pernicious disregard of its highest and best uses—the development of the noble attributes and better sentiments of human nature, and a fall to the low standards of those countries where Sunday is largely a day of sports and dissipation was considered most undesirable. The duty of foregoing an inclination to spend the Sabbath in picnicking and sport for the sake of maintaining the beneficial influence over others of a firm and irreproachable character was emphasized and also the fact that the feelings of interested fellow Christians and friends should be considered. The ground taken was that love for God, for the good, for the Sabbath which has done so much for man, and for others, should impel its observance.

AT THE UNION MEETING.

At the meeting of the committee of joint manufacturers held last evening a final report, reciting in detail the work done by the committee for the past year was drawn up and adopted. This will be presented at the next meeting of the Progressive association and Chamber of Commerce, jointly assembled.
